MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: Sustainable Design and Development (SDD)

1. References:

- a. Memorandum, CECW-ET, dated 04 Feb. 2003, SAB.
- b. Memorandum, ASA (I&E), subject: Sustainable Design and Development Requirements, dated 18 March 2003.

2. Reference 1.a directed that all FY06 projects achieve Silver level of SPiRiT. Subsequently reference 1.b directed Gold level for FY06 projects. Effective immediately, all FY06 and future Army MILCON projects with final design (Code 6 or 7) authority issued after the date of this memo shall achieve Gold level. To the extent possible, Districts are encouraged to achieve Gold level in ongoing designs.

3. Beginning with FY06 projects, Districts are required to report on SDD measures in PROMIS. The PROMIS team is working on a system modification to add a 'SPiRiT' drop down list for selection of bronze, silver, gold, platinum and N/A and a specific 'SPiRiT' comment field to provide for an appropriate SDD/SPiRiT description/comment. Detailed instructions will be forthcoming when software modification is ready.

4. We are preparing a template to identify increased design and construction costs attributable to achieving Gold level of SPiRiT. This template will be made available to Districts for use in preparation of 3086s for FY06 projects and 1391s for future projects. Districts are required to use this template to capture additional costs of SDD measures beyond Silver level of SPiRiT. We are analyzing four FY02 and 03 projects to estimate such additional costs and will distribute results when available.

5. The Secretary of the Army has asked OACSIM and USACE to select 10 projects for SDD showcase status in FY03 and to increase the number by 2 each year thereafter. Enc.1 lists selected projects for showcase status for FY03, 04 and 05 Programs. NWD, NAD, SPD and SWD are requested to nominate one project each for FY03 program by 1 May 2003 to satisfy the required numbers. If additional nominations are not received, HQUSACE will select appropriate projects and will advise accordingly. Districts should attempt to achieve Gold level of SPiRiT for these projects.
